Inspection & Certification Partner

Guideline for Product Compliance

- Are you **developing new product**?
- Are you **failing product compliance**?
- Are you **having trouble passing thru custom due to product compliance**?

5 General Steps to Product Compliance

1. On CPSC website, use regulatory robot to determine the type of testing for your product
2. Check for the latest substance regulation for your product
3. Find the CPSC certified laboratory to complete testing
4. Adhere to the label requirement from CPSC
5. Acquire the Children's Product Certificate or General certificate of conformity with your testing report
